The Britt-Gans fight is already attracting more attention than the wars in Central America.

The Siamese King has just spent \$3,000,000 for jewels, but the name of the chorus girl remains a secret.

Taft and his followers are wondering how long it will be until Foraker begins to smell like Lazarus.

As yet, Senator Foraker has failed to give out an interview upon Judge Landis' fine of the Standard.

If Rockefeller-Rogers et al will only wait a little while, Foraker will discover that the law, upon which Judge Landis fined them, is unconstitutional.

Subpoena servers when searching for the Oil King neglected to look for a servant of the people and this probably accounts for their trouble in finding their man.

Chicago's old political boss is dead, but George B. Cox is as lively as ever despite the fact that an effort was recently made to bury him.

Everyone would like to see permanent peace restored in Central America but many a man and woman would be disappointed if Britt and Gans should cease hostile preparations.

If it is true that the whole Pacific fleet is to be congregated at San Francisco while Admiral Evans is taking his fleet of fighting vessels around the Horn, Japan may take it as an invitation to step over and take the Philippines.

The claim is being made that the county salary law is bringing a heavier expense upon the people than the old fee system invoked. If this be true, why are county officials forming organizations and fighting for a return to the fee system?

John D. Rockefeller is now posing as a greatly abused servant of the people. He claims he is harassed to a cart in which the people are riding, but there is no disputing the fact that he collects fare for the ride and finds the vocation of making a jackass out of himself very remunerative.

It took the commercial telegraph operators some time to get their strike started, but it is now spreading like wild fire. The only gratifying thing in connection with the strike is the fact that the operators postponed the move until the dull business season of the year.

CONGRESS ABDICATES.

What is the use of Congress meeting in December when President Roosevelt and Bert Hopkins, the junior Senator from Illinois, can do all the business? They have just agreed that Congress shall not undertake tariff revision and if they can settle that question in advance without consulting with the 282 other Republican members of Congress there is no good reason why they can't settle the less important questions of appropriations, etc.

Have the Republican members of Congress abdicated in favor of the President and Bert Hopkins or have they delegated the settlement of the tariff issue? It would seem so.

Who will now dare say the Republican representatives of the people are not led up to the Executive watering trough and forced to drink by the promise of also having their share of the swill known as public patronage?

At the Harding residence on Mt. Vernon avenue, Mr. M. E. DeWolfe, Mr. R. G. Lucas and Mr. H. Hume entertained a large company of young people last night at one of the most unique social events of the season.

The veranda and the interior of the house were placarded with signs of a humorous nature. The guests all brought a donation for each of the hosts. The opening of the packages was productive of much amusement. In a game of marbles which was another amusing feature, J. I. Beatty won the first prize. Mrs. J. R. Smith won the

Railroad Notes

In a circular to the employees of the Lake Shore, E. A. Handy, general manager, says:

"The public judges a railroad corporation very largely by the treatment it is accorded by the agent representing the company in whatever capacity he may be employed. A reputation of fair dealings, with courteous and absolutely fair treatment of all customers, is essential to the success of all railroads.

"The good will and friendship of the community served by our railroad is the most valuable asset it can have, and the strongest recommendation for promotion an employee in any department can possibly have is the fact that by uniform courtesy and kind accommodation of patrons he has secured for himself and for the road the good will and the friendship of the communities in which he is located."

To freight agents of New York Central lines a circular notice has been issued which says:

"Under the master car builders' rules effective September 1, 1907, we are prohibited from placing advertisements on cars. It is desired that agents notify shippers accordingly. In doing this great care must be used not to offend the shippers, but to explain to them the reason why we are obliged to take the step, and that it is general with all roads."

Beckett Says Request was Refused.

PRESIDENT T. C. BOWEN

Says That Prof. Beckett Made no Request.

Second Affidavit Filed with State Commissioner—Board is Again Ordered to Send Papers.

C. M. Beckett has filed a second affidavit with the state school commissioner, this affidavit being in regard to the first examination in which he is said to have failed to secure passing grades. Friday morning, J. W. Jacoby, clerk of the city board of school examiners, received another telephone communication from the state commissioner's office, informing him of the filing of the second affidavit. At his request, the affidavit was read over the phone.

The official who telephoned again demanded that Mr. Beckett's examination papers be sent in at once, declaring that if this is not done, mandamus proceedings against the board will be started. This is the day which the state commissioner set for bringing the suit, and as the examiners have not given in an inch, they expect that the commissioner will keep his word. Just where the suit will be started is not known.

In this second affidavit of Mr. Beckett he says that after having been notified of his failure to secure passing grades in the first examination, he requested that the examiners go over his papers with him for the purpose of discovering possible errors. He claims that his request was refused. T. C. Bowen, president of the board, says that Mr. Beckett never made such a request.

John H. Clark, the third member of the board of examiners, states that from the beginning he has been in favor of sending in Beckett's papers to the state commissioner. He states that last Monday he filed his papers with the clerk.

National Commander Army and Navy Union

Says: "I Have No Hesitation In Endorsing Peruna As An Efficient Remedy For Catarrh."

J. EDWIN BROWNE.

J. Edwin Browne, National Commander Army and Navy Union of U. S. A., 410 11th street, N. E., Washington, D. C., writes:

"I have no hesitation in endorsing your Peruna as a most efficient cure for catarrh. My own experience and that of many friends who have been benefited by its use recommend it to all persons suffering from that complaint."

Says Peruna Saved His Life.

"Peruna has cured me of catarrh. I can work all day, eat hearty, sleep well, and my digestion is all right. I was not able to do a day's work last year. I candidly feel that using your medicine was the means of saving my life. I find it is just what it is recommended to be, and I speak in highest praise of Peruna. I shall recommend it to all my friends."—Alvis A. Nelson, Virgilina, Va.

When any one has catarrh of the head or throat they know it. Snuffing, sneezing, coughing, spitting, gagging, choking—these are some of the symptoms.

When any one has catarrh of the bronchial tubes they are not quite so apt to recognize their trouble as catarrh, although there are a great many people who begin to appreciate the fact that catarrh of the bronchial tubes is sure to create a cough.

Catarrh produces symptoms according to the place in the body where the catarrh is located. Catarrh deranges the function of any organ.

If the catarrh be in the stomach it produces dyspepsia.

The Family Relies on Peruna.

A. Howitt Nickerson, Capt. U. S. Army, Adjutant General on General McCook's staff, writes from the Census Building, Washington, D. C., as follows:

"It affords me great pleasure to recommend Peruna as a most excellent tonic with many medicinal qualities that assist nature in overcoming the various ills with which the human family is often afflicted, and is always in danger.

If located in the kidneys or bladder it produces urinary disorders. If in the bowels it deranges the bowels. Catarrh medicine, in order to be effective, should be an internal remedy, and not a local application.

Peruna has maintained its reputation for many years as an internal catarrh remedy. It operates throughout the whole system. It benefits catarrh of the pelvic organs the same as catarrh of the head or throat.

Relieves Mind and Body.

Mr. G. W. Woodbury, Rogers, Ohio, formerly Captain and Center of the Hiram College Basketball Team, writes:

"When body and mind alike were weary and refused to work, a few doses of Peruna restored lost strength and invigorated quicker and more permanently than anything I know."

In the suit of Byron Sorden against the Chicago & Erie railway company, the defendant, through its attorneys, Crissinger & Guthery, has filed its answer. The company denies that it has no cattle guards along its tracks at DeChiff. It says that if Sorden's horse was killed, the killing was due to his own negligence.

NEW YORK FEDERAL

JURY GETS BUSY

Jamestown, N. Y., Aug. 10.—Convictions on all counts of indictments returned late yesterday by the federal jury for western New York would render four corporations liable to fines aggregating \$18,240,000.

The jury's investigation of the government charges against the Standard Oil company, the Vacuum Oil company, the New York Central and the Pennsylvania railroads of giving and receiving illegal concessions on shipments of oil from Olean, N. Y., to points in Vermont.
